

# KI SAWYER

# LITTLE TROUT LAKE PARK (LTL) REVIVAL

## PLEASE JOIN US FOR A LITTLE TROUT LAKE PARK COMMUNITY INPUT SESSION!

### THURSDAY, OCTOBER 17 6 PM

### K.I. SAWYER ELEMENTARY SCHOOL (CAFETERIA)

#### PROJECT TIMELINE

This year involves site analysis, permitting, design work, and creating bidding documents for projects.

County planners and architects will present draft site plans and specifications and seek input from partners and the public in Mid-October!

Construction!

Continued construction, if needed.

Grant completion deadline October 31, 2026.

#### PROGRESS TO DATE

If you have been to Little Trout Lake recently, you have seen the improvements! Thanks to the Marquette County Land Bank Authority who obtained blight elimination funding from the State Land Bank, three buildings, the unsafe bridge and many small structures were removed.

Behind the scenes, the Planning Team has been working with project partners to develop the project plans and specifications. We are excited to share those with you and get your feedback at a Community Input Session on Thursday, October 17th!
